

King's College will guarantee admission, a four-year renewable scholarship, and an additional grant to senior year students of St. John Neumann Regional Academy who apply to King's College based on the following criteria:

Students must have a minimum 2.75 GPA. If a student possesses a minimum GPA of 2.75, they can also apply test optional (omit SAT/ACT scores). The three academic programs in which King's College requires a higher GPA and an ACT or SAT score for is the Physician Assistant program, the Engineering programs, and the Nursing program. **Students who meet the criteria will receive one scholarship ranging from \$18,000 and at maximum \$25,000, which is an annual award renewable each year for up to four years. The Diocese of Scranton High Schools will also receive an additional annual grant in the amount of \$2,500 (up to \$10,000 cumulatively over 4 years).**

Admission to Physician Assistant Studies or Occupational Therapy :

The student must have a 3.40+ recalculated GPA this includes Math, Science, English, History, and Foreign Language full credit classes from freshman year in high school to junior year. If a student does not meet the 3.40+ criteria, they may defer to Criteria B below:

3.10 - 3.19 Scrubbed GPA—Required SAT combined 1090

3.20 - 3.29 Scrubbed GPA—Required SAT combined 1080

3.30 - 3.39 Scrubbed GPA—Required SAT combined 1070

All GPA's 3.10—3.39—Required ACT 23

Students who meet the above criteria will receive, at minimum, a \$20,000 annual award for 4 years which totals \$80,000.

Admission to Engineering (King's program or 3+2 with Notre Dame/Wash. U.):

The student must have a 3.3 cumulative or weighted GPA. Grades of a 3.00 (85%) or better in math and science classes are highly preferred. Pre-Calculus & Chemistry is required. Physics is highly recommended with a grade of a 3.00 (85%) or better. Students who meet the criteria will receive, at minimum, a \$20,000 award for 4 years which totals \$80,000

Admission to Nursing:

The student must have a 3.00 cumulative or weighted GPA. Grades of a 3.00 (85%) or better in all math and science classes are highly preferred.
